WOMAN SETS FIRE TO SPIDERS — AND BURNS HOUSE DOWN

A Malaysian woman laid her family home to waste by setting fire to it as she tried to kill spiders in a store-room with newspapers and a cigarette lighter.

“The 34-year-old woman was determined to kill the spiders,” police in the state of Johor said.

She accidentally set ablaze some old books which were placed on the floor of the store-room. The fire spread to the kitchen.

She grabbed hold of the garden hose and sprayed lots of water at the blazing house. Unfortunately, her semi-detached house was completely burnt down.

“It’s now uninhabitable,” sobbed the woman.

Fire fighters managed to extinguish the blaze and save the neighbouring house, which sustained some broken windows. No one was hurt.

“The family have had to look for somewhere else to stay,” the police said.

“The spiders are gone, though — that problem is solved.”

17. Where did the Malaysian woman find the spiders?

18. What did she use to kill the spiders ?

19. How did she try to put out the fire?

20. Which word in the passage means 'impossible to live in'?
