A young boy named James lived with his two aunts after his parents died in an accident. His aunts treated him badly and made him work every day. James was very lonely and had no friends.

One day, while wandering in the woods, he met an old man who gave him a bag of green stones. The old man told James that the stones were magical and could be used to do amazing things. Feeling excited, James rushed home immediately to try out his magical stones. In his haste, he tripped and the green stones fell into a hole in the ground.

Instantly, a tree started growing out of the hole. As he watched, he saw a peach on the branch grew larger and larger until it was the size of his aunt's house. James could not believe his eyes. He rubbed his eyes and took a closer look. There was a tiny hole right at the bottom of the peach. Curious to find out what was inside, James decided to crawl into the giant peach.
